March 18th, 2008

To: Susan M. White

Mining Program Coordinator

Utah D.O.G.M.

Subject: Letter dated March 6th, 2008

Dear Ms. White,

I have received your letter dated March 6th, 2008, with the subject header that concerns permit S/017/043 - labeled "May Day Mill". I am somewhat confused as the dialog within the letter refers to the Milla' Martinique permit site. I have already responded to the divisions concerns with the milla' Martinique site and we have received a copy of a permit and release form in which we intend to return to the division asking for release of the milla' Martinique site. Is this new letter concerned with the May Day Mill site?

If so, please understand that MMC has not responded in it's annual report that we intend to reclaim the MayDay mill site at this time. Our May Day mill site is still an active area, with equipment on site. We have been asked by the BLM to clean up the site of debris and older equipments and we have been aggressively completing that task. We have active status on that site with M.S.H.A. (Mine Safety & Health administration), and we have an active reclamations bond in place with the Utah DOGM for this site.

Our intent has been and remains to replace older milling and processing equipments with newer more advanced processing equipments within this site. We have cleaned up and groomed some of the outer site perimeters, but we have not fully reclaimed nor commenced a seeding program upon this site. In the future I will be more specific with my dialog concerning our annual reporting to the State and add attachments and mapping for these sites. Our primary work at the May Day site last year was concerned with our water rights reservoir and diversion points, but we did remove equipments and continue to clean up the May Day site area.

We will be at the site in the first part of April and will take current photographs of these sites. If we could find out who our representative is from the DOGM, I could e-mail the division photos of these

REC-1000
MAR 17 2008
DIV. OF OIL, GAS

sites upon my return. We have lost touch with these matters since our last representative –Tom Munson, was transferred up the ladder.

I will include a copy of our annual report with this letter and also send copies to Tom Munson, and Beth Erickson. Please feel free to contact me with any questions or concerns and we will do our best to satisfy the division with any concerns for any or all of our sites. My contact information is on the letter heading. Our Treasurer and 2nd officer for the corporation is:

Dan E. Vaughan

2784 Jefferson Ave

Ogden, Utah 84114

Tele: (801)499-7200

e-mail : martiniquemining@aol.com

Dan operates our Utah corporate office and will be glad to visit your office at any time.

Thank you for your time and considerations with these matters.

A handwritten signature in black ink, appearing to read "Kim E. Wilson". The signature is fluid and cursive, with the first name "Kim" being the most prominent.

SMALL MINING OPERATIONS 2007 PROGRESS REPORT
January 1, 2007 to December 31, 2007

The information required in this form are based on provisions of the Mined Land Reclamation Act, Title 40-8, and the rules as under the Utah Minerals Regulatory Program.

1. Mine Permit Number: 5-17-0043
2. Mine Name: MAY DAY MILL
3. Name of Operator/Permittee: MARTINIQUE MINING CORPORATION

Note: If Operator's address, company representative or phone number have changed, please provide a replacement page to the Notice of Intention.

4. Mine Location: MT. ELLEN QUAD - NW 1/4 - SEC 31 - T31S - R11E
5. Report the gross amount of ore mined and waste moved, as well as the arrangement, positioning, or distribution of the material:

Gross Ore Mined 0 Tons, or 0 yd³
Waste Material Moved 0 Tons, or 0 yd³
New Disturbance 0 Acres during 2007
Area Reclaimed .25 Acres during 2007
Total Disturbed Area 2.52 Acres*

Was the ore shipped off site? If not, where is the ore located? NO ORE SHIPPED.

CONTINUED EQUIPMENT AND CLEAN-UP OF AREA

Where is the waste located? NO WASTE LOCATED ON SITE

REPAIR OF 20 ACRE FT - RESERVOIR - SPILLWAY AND DITCH.

*Total life of mine disturbance to the end of 2007.

6. Briefly describe the reclamation work performed during the past year. A map showing reclaimed areas and dates is suggested. (Submit form MR-SITE for an application for full or partial bond/site release).

REPAIRED EROSION DAMAGES TO UPPER CRESCENT CREEK
WATER DIVERSION POINTS AND DITCH SYSTEM - REPAIRED
SPILLWAY ON MAIN RESERVOIR DAM POINT. SMOOTHING AREA.

I hereby certify, under penalties of law, the information provided in this report is true and correct to the best of my knowledge and belief.

Subject: Revegetation Records Request, Martinique Mining, Crescent Creek Mayday Mill, S/017/043, Garfield County, Utah

Dear Ms. Wilson:

The Division has received the completed 2007 small mining operations progress report for the Milla Martinique site. This report indicates that the site has been reclaimed and that during 2007 no reclamation work occurred. As a result, a site release form is enclosed. Please complete it and return it to the Division. If reclamation success has not been achieved, then to determine reclamation status, please submit the following:

- Records of revegetation progress during 2007. Include any photos showing areas that have been revegetated. Provide initial seed dates and dates of any subsequent seeding.

Please respond March 27, 2008. If you have questions, please contact Beth Ericksen, 801-538-5318.

Sincerely,

Susan M. White
Mining Program Coordinator
